Funded Trader Agreement
Dynasty Futures LLC • Wyoming

FUNDED TRADER AGREEMENT

Dynasty Futures LLC • Simulated Proprietary Trading Program

IMPORTANT NOTICE — PLEASE READ CAREFULLY

This Agreement governs your participation in Dynasty Futures LLC's simulated trading evaluation program. All trading activity occurs in a fully simulated environment using virtual capital only. No real money is traded on your behalf. Funded accounts represent access to simulated capital; no real financial risk is assumed by you. Profit distributions are made from Dynasty Futures LLC operating funds pursuant to Section 8 below. All disputes are subject to binding individual arbitration and a class action waiver per Section 14. CFTC Rule 4.41 applies — see Section 2.4.

BY CLICKING "I AGREE" OR ACCESSING YOUR ACCOUNT, YOU ACCEPT ALL TERMS OF THIS AGREEMENT.

Effective Date: The date Trader completes account registration and accepts this Agreement

Company: Dynasty Futures LLC, a Wyoming Limited Liability Company ("Dynasty Futures")

Trader: The individual who registers for and accesses the Dynasty Futures platform

1. DEFINITIONS

"Evaluation Program" means the multi-phase simulated trading assessment offered by Dynasty Futures.

"Funded Account" means a simulated trading account with a virtual capital allocation granted upon successful completion of the Evaluation Program.

"MLL" or "Maximum Loss Limit" means the total simulated drawdown threshold that, if breached, terminates the relevant account phase.

"Profit Split" means the percentage of simulated net trading profits distributed to Trader as a cash payment from Dynasty Futures operating funds.

"Prohibited Activities" means the conduct enumerated in Section 7 of this Agreement.

"Rise Works" means Dynasty Futures' third-party KYC and payout-processing partner.

2. SIMULATED TRADING ENVIRONMENT & REGULATORY DISCLOSURES

2.1 All trading under this Agreement is conducted in a fully simulated environment using real-time market data. No real currency, securities, futures contracts, or other financial instruments are purchased, sold, or held on Trader's behalf at any stage.

2.2 Funded Account balances, positions, and profit/loss figures are virtual and have no monetary value independent of Dynasty Futures' profit-split obligations under Section 8.

2.3 Dynasty Futures does not operate as a broker, investment adviser, commodity trading adviser, commodity pool operator, or money services business in connection with this Agreement. Dynasty Futures is not registered with the Commodity Futures Trading Commission ("CFTC") or the National Futures Association ("NFA") and does not provide investment advice or manage client funds.

2.4 CFTC RULE 4.41 DISCLOSURE: HYPOTHETICAL OR SIMULATED PERFORMANCE RESULTS HAVE CERTAIN INHERENT LIMITATIONS. UNLIKE AN ACTUAL PERFORMANCE RECORD, SIMULATED RESULTS DO NOT REPRESENT ACTUAL TRADING. BECAUSE TRADES HAVE NOT BEEN EXECUTED, RESULTS MAY HAVE UNDER-

OR OVER-COMPENSATED FOR THE IMPACT OF CERTAIN MARKET FACTORS, INCLUDING LACK OF LIQUIDITY. SIMULATED TRADING PROGRAMS ARE ALSO DESIGNED WITH THE BENEFIT OF HINDSIGHT. NO REPRESENTATION IS MADE THAT ANY ACCOUNT WILL OR IS LIKELY TO ACHIEVE PROFITS OR LOSSES SIMILAR TO THOSE SHOWN.

2.5 Technology Risk. Dynasty Futures' platform operates through third-party providers including Volumetrica, DeepCharts, and dxFeed. Dynasty Futures is not liable for platform outages, data feed interruptions, execution delays, or any other technical failures caused by third-party providers. Trader acknowledges that simulated trading activity may be affected by such events and that Dynasty Futures bears no responsibility for trading outcomes resulting from third-party technology failures.

2.6 Trader must comply with all applicable terms of service of third-party platforms used in connection with the Program. Any violation of third-party platform terms that results in a claim against or damages to Dynasty Futures is subject to Trader's indemnification obligations under Section 10.

3. EVALUATION PROGRAM & ACCOUNT PLANS

3.1 Dynasty Futures offers three evaluation plan tiers — Standard, Advanced, and Builder — each available in four account sizes. All evaluations use trailing end-of-day drawdown; funded accounts use static drawdown.

	\$25K	\$50K	\$100K	\$150K
Profit Target (Eval)	\$1,500	\$3,000	\$6,000	\$8,000
Max Drawdown (Std/Adv)	\$1,000	\$2,000	\$2,500	\$4,000
Max Drawdown (Builder)	\$1,500	\$2,500	\$3,500	\$5,000
Daily Loss (Standard)	\$750	\$1,500	\$2,000	\$3,000
Payout Cycle	5 days	5 days	5 days	5 days
Profit Split	90/10	90/10	90/10	90/10
Overnight Holds	Allowed	Allowed	Allowed	Allowed
Weekend Holds	Not Allowed	Not Allowed	Not Allowed	Not Allowed
Copy Trading	Allowed	Allowed	Allowed	Allowed

Daily Loss Limit applies to Standard Plan only. Builder max drawdown limits are higher than Standard/Advanced.

3.2 Plan characteristics:

Standard — Evaluation fee + \$80 activation fee after passing; 50% consistency rule (evaluation only); 5-day payout cycles; one funded reset allowed per account.

Advanced — Single evaluation fee, no activation fee; no consistency rule; immediate activation upon passing; 5-day payout cycles; one funded reset allowed.

Builder — Higher max loss limits; 50% consistency rule (evaluation) / 40% (funded); no activation fee; 5-day payout cycles; one funded reset allowed.

3.3 Maximum account allocation is three (3) accounts per Trader. Evaluation fees are non-refundable except as required by applicable law.

3.4 Trader must satisfy all objectives and comply with this Agreement to receive a Funded Account.

4. INDEPENDENT CONTRACTOR STATUS

4.1 Trader is an independent contractor. Nothing in this Agreement creates an employment, partnership, joint venture, agency, or franchise relationship between Trader and Dynasty Futures.

4.2 Trader is solely responsible for all applicable taxes, fees, and withholdings on profit distributions received under this Agreement. Payouts are processed through Rise Works, Dynasty Futures' third-party payout platform. Rise Works is responsible for issuing IRS Form 1099-NEC (or equivalent tax documentation) to Traders where required by applicable law. Trader should consult a qualified tax professional regarding any tax obligations arising from distributions received.

5. KYC & IDENTITY VERIFICATION

5.1 Trader must complete identity verification through Rise Works before any profit distribution is processed. Required documentation may include a government-issued photo ID and proof of address.

5.2 Dynasty Futures reserves the right to suspend or terminate Trader's account pending KYC completion or if verification fails.

5.3 Trader warrants that all information submitted during registration and KYC is truthful, accurate, and current. Misrepresentation is grounds for immediate termination and forfeiture of any pending distributions.

6. ACCOUNT RULES & TRADING OBLIGATIONS

6.1 To be eligible for a payout, Trader must accumulate a minimum of five (5) qualifying Winning Days during the current payout cycle. A Winning Day requires a minimum daily profit of \$150 (Standard Plan) or \$200 (Advanced and Builder Plans).

6.2 Trader must not breach the static maximum drawdown applicable to their account size and plan at any time during the funded phase. Breaching this limit terminates the funded account.

6.3 Overnight positions are permitted. Weekend holds are not permitted — all open positions must be closed before market close each Friday.

6.4 Payout cycles are five (5) days. Minimum payout per cycle is \$250. Maximum payout per eligible payout cycle (after meeting 5 qualifying winning days): \$3,000 (Standard Plan), \$2,000 (Advanced Plan), \$3,000 (Builder Plan). Payouts are processed through Rise Works.

7. PROHIBITED CONDUCT

The following activities are strictly prohibited and constitute grounds for immediate account termination without refund or distribution:

- (a) Use of automated high-frequency trading bots, latency arbitrage, or tick-scalping strategies designed to exploit simulated platform latency.
- (b) Copying trades from a funded account into a separate evaluation account (reverse account manipulation).
- (c) Coordination with other Traders to manipulate evaluation metrics or profit outcomes.
- (d) Providing false information during registration, KYC, or any communication with Dynasty Futures.
- (e) Making any public statement, social media post, review, or communication that is false, misleading, or materially disparaging of Dynasty Futures, its officers, employees, products, or program, regardless of whether Trader's account is active or terminated. Truthful statements of fact are not restricted by this provision.
- (f) Disclosing Dynasty Futures' proprietary evaluation methodologies, scoring criteria, internal rules, infrastructure details, or business practices to any third party without prior written consent.
- (g) Hedging across accounts — simultaneously holding opposing positions (long and short) in the same or substantially correlated instruments across multiple Dynasty Futures accounts for the purpose of locking in simulated gains, reducing drawdown exposure across accounts, or gaming payout metrics. Bona fide two-sided positions within a single account that reflect genuine trading decisions are permitted, provided they are not structured to exploit evaluation or payout mechanics.
- (h) Any conduct that violates applicable law or that Dynasty Futures determines, in its sole discretion, compromises the integrity of the program.

8. PROFIT DISTRIBUTIONS & LIVE TRADING PATHWAY

8.1 Profit Split. Funded accounts operate on a 90/10 profit split. Dynasty Futures will pay Trader ninety percent (90%) of simulated net trading profits upon each approved payout request, with ten percent (10%) retained by Dynasty Futures. This split applies from the first payout and continues unless modified by mutual written agreement.

8.2 Payout Processing. All distributions are processed exclusively through Rise Works, Dynasty Futures' third-party payout platform. Trader must maintain an active, verified Rise Works account to receive payouts. Payout cycles are five (5) days. Minimum payout request per cycle is \$250. Maximum payout per eligible payout cycle (after meeting 5 qualifying winning days) is \$3,000 (Standard Plan), \$2,000 (Advanced Plan), or \$3,000 (Builder Plan). Payout caps do not affect payout eligibility, winning-day, consistency, drawdown, or account-standing requirements.

8.3 Live Trading Review. After five (5) consecutive approved payouts, Dynasty Futures will initiate an internal performance review of Trader's trading history, consistency, risk management, and overall program conduct. The purpose of this review is to evaluate whether Trader may be considered for transition to a live proprietary trading arrangement with Dynasty Futures under a separate, written agreement.

8.4 Live Transition Criteria. Selection for live trading is at Dynasty Futures' sole and absolute discretion and is not guaranteed. Factors considered may include, but are not limited to: consistency of profitability, adherence to risk

parameters, absence of rule violations, quality and diversity of trading strategy, and overall account history. Traders who are not selected for live transition will be notified and may continue operating under their existing simulated funded account structure without penalty.

8.5 No Entitlement to Live Transition. Nothing in this Agreement creates an obligation or entitlement for Trader to be transitioned to a live trading account. The five-payout milestone is a trigger for review only, not a guarantee of any particular outcome.

8.6 Source of Distributions. All distributions paid under this Agreement are funded from Dynasty Futures' operating funds. They are not derived from any actual trading activity, securities transactions, or investment returns on Trader's behalf.

8.7 Withholding. Dynasty Futures reserves the right to withhold or delay any distribution pending: (a) investigation of suspected violations of Section 7; (b) incomplete or failed KYC/AML verification; or (c) any dispute regarding the accuracy of trading records. In no event shall any withholding extend beyond sixty (60) days from the date of the original payout request, unless Dynasty Futures has initiated formal dispute resolution proceedings or legal action during that period.

8.8 Account Inactivity. A funded account that records no trading activity for thirty (30) consecutive calendar days is considered inactive. Dynasty Futures may suspend or terminate an inactive funded account upon seven (7) days' written notice to Trader's registered email address. Trader may reactivate the account by resuming trading activity during the notice period. An inactive account that is terminated forfeits any pending payout amounts below the minimum payout threshold.

9. INTELLECTUAL PROPERTY & CONFIDENTIALITY

9.1 All platform software, content, trademarks, trade secrets, and proprietary methodologies are the exclusive property of Dynasty Futures LLC. Trader receives no license other than the limited right to use the platform for permitted evaluation activities. Upon termination of this Agreement, Trader's right to access the platform ceases immediately.

9.2 Trader acknowledges that through participation in the Program, Trader may be exposed to Dynasty Futures' proprietary evaluation methodologies, risk management systems, scoring criteria, platform integrations, business strategies, and other confidential information ("Confidential Information"). Trader agrees to: (a) keep all Confidential Information strictly confidential; (b) not disclose Confidential Information to any third party without Dynasty Futures' prior written consent; and (c) use Confidential Information solely for the purpose of participating in the Program. This confidentiality obligation survives termination of this Agreement for a period of two (2) years.

9.3 The confidentiality obligation in Section 9.2 does not apply to information that: (a) is or becomes publicly known through no act or omission of Trader; (b) was already known to Trader prior to disclosure; or (c) is required to be disclosed by applicable law or court order, provided Trader gives Dynasty Futures prompt prior written notice where legally permissible.

10. INDEMNIFICATION

10.1 Trader's Indemnification. Trader shall indemnify, defend, and hold harmless Dynasty Futures LLC and its officers, directors, members, employees, agents, successors, and assigns (collectively, "Dynasty Futures Parties") from and against any and all claims, demands, actions, losses, damages, fines, penalties, regulatory proceedings, costs, and expenses (including reasonable attorneys' fees) arising out of or related to: (a) Trader's participation in the Program; (b) Trader's breach of any representation, warranty, or obligation in this Agreement; (c) Trader's violation of any applicable law or regulation; (d) Trader's violation of third-party platform terms of service; (e) any false, misleading, or disparaging statement made by Trader about Dynasty Futures; (f) unauthorized disclosure of Dynasty Futures' Confidential Information; or (g) any third-party claim arising from Trader's conduct in connection with the Program.

10.2 Procedure. Dynasty Futures will notify Trader promptly of any claim for which indemnification is sought. Trader shall have the right to assume control of the defense with counsel reasonably acceptable to Dynasty Futures, provided that Dynasty Futures may participate at its own expense. Trader shall not settle any claim in a manner that imposes obligations on Dynasty Futures without prior written consent.

10.3 Survival. Indemnification obligations survive termination or expiration of this Agreement.

11. DATA PRIVACY

11.1 In connection with registration and KYC, Dynasty Futures and Rise Works collect personal information including name, address, government-issued identification, and payment details. This information is collected and processed for the purposes of identity verification, payout processing, and regulatory compliance.

11.2 Dynasty Futures handles Trader personal data in accordance with its Privacy Policy available at dynastyfuturesdyn.com/legal. By accepting this Agreement, Trader consents to such collection and processing as described in the Privacy Policy.

11.3 Dynasty Futures does not sell Trader personal data to third parties. Data may be shared with Rise Works and other service providers solely as necessary to operate the Program. Data may also be disclosed as required by applicable law or legal process.

11.4 Upon written request, Trader may request access to, correction of, or deletion of their personal data, subject to applicable legal retention requirements and Dynasty Futures' legitimate business needs.

12. FORCE MAJEURE & REGULATORY CHANGE

12.1 Dynasty Futures shall not be liable for any failure or delay in performance resulting from causes beyond its reasonable control, including acts of God, natural disasters, pandemics, cyberattacks, war, government action, regulatory changes, exchange outages, third-party platform failures, or any other event outside Dynasty Futures' reasonable control ("Force Majeure Event").

12.2 If a regulatory development, government action, or change in applicable law materially affects Dynasty Futures' ability to operate the Program as described in this Agreement, Dynasty Futures may modify, suspend, or terminate the Program upon thirty (30) days' written notice to Trader, or immediately where required by law. In such event, Dynasty Futures' sole obligation is to pay any earned and approved distributions that are due and owing as of the date of modification, suspension, or termination.

12.3 Trader acknowledges that the proprietary trading evaluation industry is subject to evolving regulatory scrutiny and that Dynasty Futures cannot guarantee the continued availability of the Program in its current form. This acknowledgment does not constitute a waiver of any rights Trader may have under applicable consumer protection law.

13. LIMITATION OF LIABILITY

13.1 DYNASTY FUTURES' AGGREGATE LIABILITY TO TRADER FOR ANY CAUSE ARISING UNDER OR RELATED TO THIS AGREEMENT SHALL NOT EXCEED THE GREATER OF: (A) THE TOTAL FEES PAID BY TRADER IN THE NINETY (90) DAYS PRECEDING THE CLAIM; OR (B) TWO HUNDRED FIFTY DOLLARS (\$250.00).

13.2 IN NO EVENT SHALL DYNASTY FUTURES BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

13.3 Because all trading is simulated, Trader acknowledges no actual financial loss can result from trading activity on the Dynasty Futures platform.

13.4 The limitation of liability in this Section 13 does not limit Trader's indemnification obligations under Section 10.

14. DISPUTE RESOLUTION & GOVERNING LAW

14.1 This Agreement is governed by the laws of the State of Wyoming, without regard to conflict-of-law principles.

14.2 Any dispute, claim, or controversy arising out of or relating to this Agreement shall be resolved exclusively by binding individual arbitration administered by the American Arbitration Association ("AAA") under its Consumer Arbitration Rules then in effect.

14.3 CLASS ACTION WAIVER: Trader irrevocably waives any right to participate in any class, collective, or representative action. All disputes must be arbitrated on an individual basis only.

14.4 Either party may seek emergency injunctive or equitable relief in any court of competent jurisdiction to prevent irreparable harm pending arbitration.

15. MISCELLANEOUS

15.1 Entire Agreement. This Agreement, together with any Program Rules posted at dynastyfuturesdyn.com, constitutes the entire agreement between the parties and supersedes all prior negotiations, representations, or agreements.

15.2 Modifications. Dynasty Futures may update this Agreement upon thirty (30) days' written notice. Continued use of the platform following notice constitutes acceptance of the revised terms.

15.3 Severability. If any provision is held invalid or unenforceable, the remaining provisions continue in full force and effect.

15.4 Waiver. Failure to enforce any provision does not constitute a waiver of future enforcement rights.

15.5 Survival. Sections 7, 9, 10, 11, 13, 14, and 15 survive termination or expiration of this Agreement.

15.6 Electronic Signature. Trader's electronic acceptance constitutes a valid, binding signature under the Electronic Signatures in Global and National Commerce Act (E-SIGN) and applicable state law.

15.7 Rule Amendments — Active Accounts. Dynasty Futures reserves the right to amend, modify, or update trading rules, payout structures, payout caps, account parameters, consistency requirements, or any other program rules at any time, including as applied to currently active funded accounts, upon thirty (30) days' written notice to Trader's registered email address. Where immediate modification is required due to regulatory mandate, third-party platform changes, market

integrity concerns, or risk management obligations, Dynasty Futures may implement changes on shorter notice or immediately. Continued use of or trading activity on the platform following notice of a rule change constitutes Trader's acceptance of the revised rules. Dynasty Futures is not liable to Trader for any losses, foregone profits, or other damages resulting from a rule modification made in good faith.

Name: Brock Adams | Title: Chief Executive Officer | Entity: Dynasty Futures LLC, a Wyoming LLC

TRADER ACKNOWLEDGMENT & ELECTRONIC SIGNATURE

By signing below, I confirm that I have read, understood, and agree to be legally bound by all terms of this Funded Trader Agreement. I specifically acknowledge: (1) all trading is fully simulated — no real capital is traded on my behalf at any stage; (2) payouts are made from Dynasty Futures LLC operating funds, not from trading profits; (3) the CFTC Rule 4.41 disclosure in Section 2.4 applies to all simulated performance; (4) Dynasty Futures is not a broker, investment adviser, or CFTC/NFA registrant; (5) I am an independent contractor solely responsible for my own taxes; (6) I accept the indemnification obligations in Section 10 and agree to defend and hold harmless Dynasty Futures Parties from claims arising from my participation; (7) I will keep Dynasty Futures' Confidential Information strictly confidential per Section 9.2; (8) I agree to arbitration and waive my right to participate in any class action per Section 14; and (9) Dynasty Futures may modify or terminate the Program due to regulatory change per Section 12.
